

HOLOCAUST HANDBOOKS

This ambitious, growing series addresses various angles of the "Holocaust" of the WWII era. Most of them are based on decades of research from archives all over the world. They are heavily footnoted and referenced. In contrast to most other works on this issue, the tomes of this series approach its topic with profound academic scrutiny and a critical attitude. Any Holocaust aficionado ignoring this series will remain oblivious to some of the most important research in the field. These books are designed to both convince the common reader as well as academics. The following 50 volumes have appeared so far; except for #32, all are available as free eBooks at www.HolocaustHandbooks.com.

SECTION ONE:

General Overviews of the Holocaust

The First Holocaust. The Surprising Origin of the Six-Million Figure.

By Don Heddesheimer. A documentation of pre-WWII propaganda claiming 6 million Jews were on the brink of annihilation. It details how Jewish fund-raising operations in America raised vast sums in the name of feeding suffering Poles and Russians but actually funneled much of the money to Zionist and Communist groups. 5th ed., 198 pp., ill., bibl., index. (#6)

Lectures on the Holocaust. Controversial Issues Cross Examined.

By Germar Rudolf. An encyclopedic overview of revisionist research results, presented in a dialog style. Rudolf introduces the most important arguments for his findings, and his audience reacts with supportive, skeptical and also hostile questions. We believe this book is the best summary of this taboo topic. 4th ed., 612 pp., ill., bibl., index. (#15).

Breaking the Spell. The Holocaust, Myth & Reality.

By Nicholas Kollerstrom. In 1942 and 1943, British Intelligence intercepted German radio communications between concentration camps and the Berlin headquarters. Dr. Kollerstrom, a science historian, has taken these intercepts and a wide array of mostly unchallenged corroborating evidence to show that "witness statements" supporting the gas-chamber narrative clash with the available scientific data. He concludes that the history of the Nazi "Holocaust" has been written by the victors with ulterior motives. With a foreword by Prof. Jim Fetzer. 6th ed., 285 pp., ill., bibl., index. (#31)

Debating the Holocaust. A New Look at Both Sides.

By Thomas Dalton. Mainstream historians insist that there cannot be, may not be a debate about the Holocaust. But ignoring it does not make this controversy go away. Dalton juxtaposes the traditional Holocaust narrative with revisionist challenges and then analyzes the mainstream's responses to them. He reveals the weaknesses of both sides, while declaring revisionism the winner of the current state of the debate. 4th ed., 342 pp., ill., bibl., index. (#32)

The Hoax of the Twentieth Century. The Case against the Presumed Extermination of European Jewry.

By Arthur R. Butz. All major entities hostile to Germany must have known what

was happening to the Jews under German authority, yet they acted as if no mass slaughter was occurring. Evidence adduced to prove any mass slaughter has a dual interpretation, while only the innocuous one can be proven to be correct. This edition has numerous supplements with new information. 4th ed., 524 pp., ill., bibl., index. (#7)

Dissecting the Holocaust. The Growing Critique of 'Truth' and 'Memory.'

By Germar Rudolf (ed.). This book applies state-of-the-art scientific technique and classic methods of detection to investigate the alleged murder of millions of Jews by Germans during World War II. In 22 contributions—each of some 30 pp.—the 17 authors dissect generally accepted paradigms of the "Holocaust." It reads as exciting as a crime novel. 3rd ed., 635 pp., ill., bibl., index. (#1)

The Leuchter Reports: Critical Edition.

By Fred Leuchter, Robert Faurisson and G. Rudolf. Between 1988 and 1991, U.S. expert on execution technologies Fred Leuchter wrote four detailed reports addressing whether the Third Reich operated homicidal gas chambers. The first report on Auschwitz and Majdanek became world famous. This edition reprints all four reports and subjects the first to thorough scrutiny. 4th ed., 252 pp., ill. (#16)

The Dissolution of Eastern European Jewry.

By Walter N. Sanning. Six Million Jews died in the Holocaust. Sanning did not take that number at face value, but thoroughly explored European population developments and shifts mainly caused by emigration as well as deportations and evacuations conducted by both Nazis and the Soviets, among other things. The book concludes that a sizeable share of the Jews found missing during local censuses after the Second World War had either emigrated (mainly to Israel or the U.S.) or had been deported by Stalin to Siberian labor camps. 3rd ed., 264 pp., ill., bibl. (#29).

Air-Photo Evidence:

World War Two Photos of Alleged Mass Murder Sites Analyzed. By G. Rudolf (ed.). During WWII both German and Allied reconnaissance aircraft took countless air photos

Pictured above are the scientific studies that comprise the series *Holocaust Handbooks* published thus far. More volumes and new editions are constantly in the works.

of places of interest in Europe. These photos are prime evidence for the Holocaust. Air photos of locations such as Auschwitz, Majdanek, Treblinka, Babi Yar etc. permit an insight into what did or did not happen there. According to the author, these images refute many atrocity claims made by witnesses in connection with events in the German sphere of influence. 6th ed., 167 pp., 8.5"×11", ill., bibl., index. (#27).

Bungled: 'The Destruction of the European Jews'. Raul Hilberg's Failure to Prove National-Socialist 'Killing Centers.'

By C. Mattogno. Hilberg's book *The Destruction...* is a standard work on the Holocaust. But Hilberg support his mass-murder claims by ripping documents out of context, distorting their content, misinterpreting their meaning, and ignoring entire archives. He cherry-picks "useful" witnesses, and quotes only what suits him. Lies and deceptions permeate Hilberg's book. 302 pp., bibl., index. (#3)

Jewish Emigration from the Third Reich.

By Ingrid Weckert. Current historical writings about the Third Reich paint a bleak picture regarding its treatment of Jewish citizens. The truth is that the emigration was welcomed and supported by the German authorities. Weckert's booklet elucidates the emigration process in law and policy. 2nd ed., 130 pp., index. (#12)

Inside the Gas Chambers:

The Extermination of Mainstream Holocaust Historiography.

By Carlo Mattogno. In 2011, the Holocaust Orthodoxy published a book claiming to refute "revisionist propaganda," trying again to prove "once and for all" that there were homicidal gas chambers at the camps of Dachau, Natzweiler, Sachsenhausen, Mauthausen, Ravensbrück, Neuengamme, Stutthof... you name them. Mattogno shows with his detailed that mainstream Holocaust hagiography is beating around the bush rather than addressing revisionist research results. 2nd ed., 280 pp., ill., bibl. (#25)

SECTION TWO:**Books on Specific Camps**

Treblinka: Extermination Camp or Transit Camp? Up to 3 million Jews were allegedly murdered in Treblinka. Claims about murder weapons and corpse-destruction techniques vary wildly and are technically absurd. 3rd ed., 384 pp., ill., bibl., index. (#8)

Belzec in Propaganda, Testimonies, Archeological Research and History. Up to 3 million Jews were allegedly murdered in Belzec. The stories are similar to those about Treblinka, but here, forensic research sheds light on what really happened. 138 pp., ill., bibl., index. (#9)

Sobibór: Holocaust Propaganda and Reality. Between 25,000 and 2 million Jews were allegedly killed in Sobibór. The claims reviewed resemble those about Treblinka. Archeological surveys separate myth from truth. 2nd ed., 456 pp., ill., bibl., index. (#19)

The "Operation Reinhardt" Camps Belzec, Sobibór, Treblinka. A comprehensive update of the three books above, with new results from archival and forensic research. 402 pp., ill., bibl., index. (#28)

Chełmno: A Camp in History & Propaganda. As many as 1.3 million inmates are said to have been killed here. Eyewitness statements, excavations, crematoria, building plans, documents, gas vans for homicidal purposes—all are discussed. 2nd ed., 188 pp., ill., bibl., index. (#23)

The Gas Vans: A Critical Investigation. Nazis presumably used gas vans to exterminate 700,000 people. Are witness statements reliable? Are documents genuine? Could the murder weapons have operated as claimed? Where are the corpses? 390 pp., ill., bibl., index. (#26)

The Einsatzgruppen in the Occupied Eastern Territories: Genesis, Responsibilities and Activities. The *Einsatzgruppen* are said to have mass-murdered Jews in Russia during WWII. This study reviews all pertinent sources as well as material traces. 2nd ed., 2 vols., 866 pp., ill., bibl., index. (#39)

Concentration Camp Majdanek. A Historical and Technical Study. Up to two million Jews were allegedly murdered in the Majdanek Camp. The authors dissect primary sources and repudiate the myth of homicidal gas chambers. 3rd ed., 358 pp., ill., bibl., index. (#5)

Concentration Camp Stutthof and Its Function in National Socialist Jewish Policy. This camp allegedly served as an "auxiliary extermination camp," but the documents tell a different story. 4th ed., 170 pp., ill., bibl., index. (#4)

The Dachau Gas Chamber. The truth about this mysterious room finally gets properly scrutinized and revealed. 154 pp., ill., bibl., index. (#49)

The Neuengamme and Sachsenhausen Gas Chambers. British interrogation techniques are revealed as manipulative, threatening and mendacious. 178 pp., ill., bibl., index. (#50)

SECTION THREE:**Auschwitz Studies**

The Making of the Auschwitz Myth. Messages sent by the Polish underground to London, SS telegrams intercepted by the British, and witness statements made during and right after the war show how the gas-chamber was created. 514 pp., ill., bibl., index. (#41)

The Real Case of Auschwitz. Prof. Robert van Pelt is considered one of the best mainstream experts on Auschwitz. This book is a scholarly

response to Prof. van Pelt. It shows that his studies are heavily flawed. 3rd ed., 692 pp., ill., glossary, bibl., index. (#22)

Auschwitz: Plain Facts: A Response to Jean-Claude Pressac. French pharmacist Jean-Claude Pressac tried to refute revisionist findings with the "technical" method. In this work, Pressac's claims are debunked. 2nd ed., 226 pp., ill., bibl., index. (#14)

Auschwitz: Technique and Operation of the Gas Chambers: An Introduction and Update. Pressac's 1989 oversize book of the same title remains an important reference book. This book summarizes the most pertinent research results gained since, serving as an update and correction to it. 144 pp., ill., bibl. (#42)

The Chemistry of Auschwitz: The Technology and Toxicology of Zyklon B and the Gas Chambers. Zyklon B reacts with mortar, forming a long-lasting blue pigment. It can be found in the Auschwitz delousing chambers, but tellingly not in the claimed homicidal gas chambers. Her is the answer as to why. 4th ed., 454 pp., color ill., bibl., index. (#2)

Auschwitz Lies: Legends, Lies and Prejudices on the Holocaust. A number of mainstream scholars have tried to refute revisionist findings on the Holocaust. Here their claims are exposed as mendacious. 4th ed., 420 pp., ill., index. (#18)

Auschwitz: The Central Construction Office. A description of the history, organization, tasks and procedures of the office which was responsible for the construction of the Auschwitz Camp, including "the gas chambers." 2nd ed., 188 pp., ill., index, glossary. (#13)

Garrison and Headquarters Orders of the Auschwitz Camp. Orders issued by the Auschwitz Camp's authorities lack any trace of anything sinister, quite to the contrary, their contents flies in the face of the orthodox narrative. 185 pp., ill., bibl., index. (#34)

Special Treatment in Auschwitz: Origin and Meaning of a Term. When appearing in German wartime documents, terms such as "special treatment" and "special action" have been interpreted as code words for mass murder. The author proves this is not true. 2nd ed., 166 pp., ill., bibl., index. (#10)

Healthcare at Auschwitz. This study shows the extent to which the German authorities at Auschwitz tried to provide appropriate health care for the inmates. It also explores what happened to inmates subjected to "special treatment." 398 pp., ill., bibl., index. (#33)

Debunking the Bunkers of Auschwitz: Black Propaganda vs. History. Some 250,000 Jews are said to have been killed at Auschwitz in two former farm houses converted into gas chambers. This study proves that these "bunkers" never existed, and how war propaganda was transformed into a "reality." 2nd ed., 292 pp., ill., bibl., index. (#11)

Auschwitz: The First Gassing: Rumor and Reality. This event allegedly occurred on Sept. 3, 1941, in a basement. This study shows that the sources contradict each other in every respect. Original wartime documents inflict a final blow. 3rd ed., 190 pp., ill., bibl., index. (#20)

Auschwitz: Crematorium I and the Alleged Homicidal Gassings. The morgue of Crematorium I in Auschwitz allegedly was the camp's first gas chamber, but this study proves that it neither was, nor could have worked as such. 2nd ed., 152 pp., ill., bibl., index. (#21)

Auschwitz: Open Air Incinerations. Hundred thousands of corpses of murder victims were presumably incinerated in pits at Auschwitz. Air photos, physical evidence and wartime documents show that these claims are fiction. 2nd ed., 202 pp., ill., bibl., index. (#17)

The Cremation Furnaces of Auschwitz. Exhaustive study of cremation history and technology, and of the Auschwitz cremation furnaces, which were innocuous devices. 3 vols., 2nd ed., ca. 1220 pp., b&w and color ill. (vols. 2 & 3), bibl., index, glossary. (#24)

Curated Lies: The Auschwitz Museum's Misrepresentations, Distortions and Deceptions. The Auschwitz Museum is a mendacious organization, lying both to millions of tourists and to serious scholars about the true nature of the Auschwitz Camp. Here is the proof. 2nd ed., 259 pp., ill., bibl., index. (#38)

Mis-Chronicling Auschwitz. D. Czech's Flawed Methods, Lies and Deceptions in Her "Auschwitz Chronicle". D. Czech's Auschwitz Chronicle, an orthodox standard reference book on Auschwitz, is exposed as a mega-fraud. Ca. 320 pp., ill., bibl., index. (#47)

The Real Auschwitz Chronicle. A day-to-day chronology of camp events based on documents, not tales, and a thorough analysis of numerical data: transports to Auschwitz, camp occupation, mortality, and transfers to other camps, 2 vols., 906 pp., ill., bibl., index. (#48)

SECTION FOUR: Witness Critique

Elie Wiesel, Saint of the Holocaust: A Critical Biography. This biography of Wiesel exposes his many personal deceptions. It shows how Zionist control has allowed Wiesel to force world leaders to genuflect before him as symbolic acts of subordination to World Jewry. 3rd ed., 458 pp., ill., bibl., index. (#30)

Auschwitz: Eyewitness Reports and Perpetrator Confessions. The traditional narrative about Auschwitz rests almost exclusively on witness stories. This study scrutinizes the 30 most important of these statements. 372 pages, ill., bibl., index. (#36)

Commandant of Auschwitz: Rudolf Höss, His Torture and His Forced Confessions. Höss, the former Auschwitz commandant, was captured by the British after the war. This study reveals how the British tortured him to extract various "confessions." Höss's depositions are thoroughly analyzed. 402 pp., ill., bibl., index. (#35)

An Auschwitz Doctor's Eyewitness Account. Nyzsli, a Hungarian physician, ended up at Auschwitz in 1944 as Dr. Mengele's assistant. Later, he wrote about what he allegedly experienced. This study separates truth from fabrication. 484 pp., ill., bibl., index. (#37)

Rudolf Reder versus Kurt Gerstein: Two False Testimonies on the Belzec Camp Analyzed. Only two witnesses testified substantially about Belzec: Rudolf Reder and Kurt Gerstein. Both accounts are presented, thoroughly analyzed and exposed. 216 pp., ill., bibl., index. (#43)

Sonderkommando Auschwitz I, II, III. Thorough scrutiny of mendacious testimonies by self-proclaimed *Sonderkommando* members such as F. Müller, D. Paisikovic, S. Jankowski, H. Mandelbaum, H. Tauber, S. Dragon and many others. 3 vols., 304/254/230 pp., ill., bibl., index. (#44-46)
